PROJECT TEAM KICKS-OFF IN TARRAGONA

Project partners from 4 EU countries (Spain, Slovenia, Italy and Belgium) met in Tarragona hosted by the project coordinator - [Fundació La Nineta dels Ulls \(NDU Foundation\)](#). After reading of the expected results, the tasks have been distributed and the work has started in partner's respective countries.

THE CREATION OF FUNCAMP DIGITAL PLATFORM

The [FunCamp_Digital_platform](#) has been created by SmallCodes, with support of all project partners.

The platform currently works in way to allow you enter under "public/ open access area" where you can see the general information about the project. However, there is also a "private area" created for those who wish to register as user or trainer to be able to access the FunCamps and activities of the project. As a trainer, you may also collaborate in creating your own FunCamp and share it within the platform under the project partners' supervision.

We invite you to have a look and let us know what do you think! Enjoy!
